

CUPCING

Designed by Désormeaux Carrette for Cider Edition

SEAT I POUF

The design of the Cup Cage, by the Désormeaux/Carrette studio for Cider Edition, draws its inspiration from pastry and jewellery. It consists of a superposition of soft cakes set in a delicate metal structure. Combining adaptability and preciousness, this piece of furniture offers the possibility to sit comfortably for a few moments and work on the go while enjoying its tablet. A real aesthetic and functional delicacy, to be placed in small touches in refined tertiary and hotel spaces. The cushions, all interlocking, are made of upholstered foam. The metal structure is made of lacquered or copper-plated curved steel tube. The wooden shelf is fixed on a metal plate that pivots on its axis.

CUPCING

Designed by Désormeaux Carrette

TECHNICAL DESCRIPTION

1 - Structure

The structure is made up of 8 metal tubes that connect a hoop into which a polystyrene structure is inserted.

A 735 mm metal tube is connected to the base of the structure. A shelf is attached to this metal tube by means of a metal plate.

2 - Assisi

The seat consists of three foam cushions attached to birch wood panels.

The whole is held together by a central rod screwed to the base. The main seat cushion measures 448mm in diameter and 74mm thick rubber.

3 - Tablet

The round wooden shelf is 18 mm thick and 300 mm in diameter. It is available in white lacquer or oak.

DEPTH OF RANGE

Footstool with integrated shelf

INFORMATION

Reference	CUP_POU	--
Length	750 mm	--
Diameter	434 mm	--
Height	735 mm	--
Weight	20 Kg	--
Package volume m ³	0,70 m ³	--

PRODUCT CERTIFICATIONS

- FSC & CARB wood
- Indoor air emission quality A+ (ISO 16000)
- CFC free
- GREENGUARD certified fabric

FINISHES

• STRUCTURE

METAL

- TABLET

METAL

WOOD

• COATING

FABRIC

- CAT 1
[GABRIEL](#) - cura, chili, felicity, go check, go couture, rondo, step melange, tonal, bond
[ELASTRON](#) - paris, boston, macau, ascot, seattle
[FIDIVI](#) - torino, incas, orta, one

- CAT 2
[FIDIVI](#) - safari, terra, corte, matera, laser j
[GABRIEL](#) - contour, tempt, swing, crisp, mood, morph

- CAT 3
[GABRIEL](#) - breeze, fusion
[ROHI](#) - mica, sera, credo

- CAT 4
[RUBELLI](#) - fab, thirty, peru, dick tracy, martora, embroidery, coriandolo s, almoro
[KVADRAT](#) - uniform, blend

LEATHER

- TRENDY COLORS LEATHER
[JOLLY](#) - carmen

- LEATHER
[DANI](#) - Florida

- EXTRA LEATHER
[DANI](#) - nabuk
[SORENSEN](#) - royal nubuk, dunes

MAINTENANCE

• FABRIC

To maintain the fabric, regularly remove dust and lint with a Hoover. If a stain occurs, wipe the fabric immediately with an absorbent, lint-free sponge or cloth. Rub the stain with a damp cloth soaked in ordinary household distilled water to prevent water spots from forming on dark fabrics after drying. Test a hidden area beforehand. For stubborn stains: lightly brush the stains with a soft, dry brush.

• MELAMINE AND WOOD

For ordinary cleaning, use a soft cloth moistened with warm water or non-aggressive detergents, or a mixture of 95% water and 5% denatured alcohol. Follow the grain of the wood. Test a hidden area beforehand. Avoid strong detergents, solvents and stain removers.

• LEATHER & IMITATION LEATHER

Do not place the leather in direct sunlight or extreme heat. Remove dust regularly with a soft cloth.

Clean using a cleaner or milk dedicated to the maintenance of leather and imitation leather. Proceed by stroking, without rubbing or pressing too hard.

Avoid contact with water or sharp objects. If liquid is spilled, wipe up immediately with a clean, dry cloth. NEVER use detergents, ammonia, oil or varnish. For Royal Nubuck Sorensen, avoid contact with liquids and creams.

• METAL

Clean with a microfibre cloth soaked in neutral soap or neutral cleaners diluted in water. For varnished products, avoid cleaners containing alcohol, granular cleaners and solvents in general. For other finishes, the use of a specially formulated metal cleaner is recommended.

GUARANTEE

- Product guaranteed for 2 years
- Manufacturing life 5 years

ECOLOGICAL FOOTPRINT

- Italian manufacture
- Assembly France
- FSC and ISO 14001, 9001, 45001 certified wood factory
- Eco-responsible wood sourcing and management, 100% recyclable and FSC, CARB certified
- Metal parts made of 100% recyclable steel, painted with A and E1 classification
- Our fabrics are Global Recycled Standard / EU ecolabel / RAL UZ / Green Guard/Blue Angel / Oeko Tex / Cradle to Cradle certified depending on the choice of finish.

ENVIRONMENTAL STATEMENT

• Getting involved, concretely

Because we were keen to offer products that deeply embody who we are, Cider is committed to offering furniture that is an agent of change, respectful of the environment and of the quality of life of its users.

Our commitment to the environment and quality is part of a global and concrete approach, involving all areas of activity of the company and its partners: from eco-design to manufacturing, from the choice of materials to their supply, from logistics to transport, from the life cycle of products to their recycling.

Committed, we are certified Gold by the EcoVadis label for our CSR, ISO 14001 for the environmental performance of our production cycle. Our Group is committed to human rights and environmental issues and has been a member of the United Nations Global Compact since 2014. We are also a member of Valdelia and a signatory of the UNIFA (Union Nationale des Industries Françaises de l'Ameublement) CSR charter.

• Designing, sustainably

The products proposed and published by Cider are designed to last. Evolutive, their design combines function and aesthetics, freeing itself from fashion and superfluosity for a longer life.

The right number of components, the maximum number of interchangeable and reusable parts, the encouraged use of recyclable, resistant and easy-to-maintain materials, and a majority of the production to order for a signed project: these are the pledges of a reasoned and environmentally friendly design, capable of avoiding unnecessary waste and reducing the use of energy and natural resources.

It is on this basis that Cider guarantees its products in the tertiary range for 5 years (with the exception of the gas cartridges in the chairs, which are guaranteed for 2 years) and 2 years in the image range. The manufacturing durability is 10 years for the tertiary range and 5 years for the image range.

• Produce, with awareness

We share with our manufacturers a common commitment to quality and the environment. Our industrial partners are located exclusively in Italy and are for the most part ISO 9001 and 14001 certified, a true guarantee of quality and short, controlled circuits.

Their know-how and high standards are based as much on traditional techniques as on the latest technologies, with a view to ensuring a high standard of quality and continuous improvement at every stage of the production process, while respecting natural resources.

Our key partners follow the REACH standard for resource conservation, component separability and end-of-life recyclability of materials. They constantly strive to reduce and eliminate VOC emissions and use only products with A and E1 classifications. Our factories favour European materials, sourced from Italy and Germany and recyclable. They use FSC or PEFC certified wood and Oeko Tex certified fabrics.

The reduction and recycling of waste and packaging is a concern shared by all.

GUARANTEE

- 5 year warranty
- 10-year manufacturing life

ECOLOGICAL FOOTPRINT

- Italian manufacture
 - Assembly France
 - FSC and ISO 14001, 9001, 45001 certified wood factory
 - Eco-responsible sourcing and management of wood, 100% recyclable and FSC, CARB and PEFC certified, depending on the finish of the trays chosen.
 - Frame and metal parts made of 100% recyclable steel, painted with A and E1 classification
 - Edges with A+ and E1 classification
 - Gabriel fabrics certified Oeko Tex or Cradle to Cradle, depending on the choice of finishes.
- Optional interior in PET, made from recycled plastic bottles
